

Background to Research4Life

What is Research4Life?

Research4Life is the collective name for the five programmes – HINARI, AGORA, OARE, ARDI and GOALI – that provide developing countries with free or low-cost access to academic and professional peer-reviewed content online.

AGORA – Access to Global Online Research in Agriculture: Agriculture, fisheries, food, nutrition, veterinary science, and related subjects etc, with a collection of up to 15,500 journals and 48,000 e-books

ARDI – Access to Research for Development and Innovation: Engineering, Astronomy, Computer applications to Medicine, Physics and Aeronautics, with access to over 30,000 journals, books, and reference works

GOALI – Global Online Access to Legal Information: Constitutional Law, Medical Law and Land use and Property

HINARI – Health InterNetwork Access to Research Initiative: Medicine, nursing, and related health and social Sciences etc with Up to 16,000 journals, up to 63,000 e-books,

OARE – Online Access to Research in the Environment: Geology and Earth Science, Climatology, Climate Change, Oceanography, Environmental Law, Policy and Planning etc with collections of up to 11,500 scientific journals and 27,000 e-books

Principal Contributing Publishers include:

- Elsevier Science
- Springer
- Wiley-Blackwell
- Sage; Taylor & Francis
- Oxford University Press and many more

How to Access Research4Life Programmes

- Type the following URL in the address bar of your Browser

<http://login.research4life.org>

- Fill in the following login details

Username: **NIE362**

Password: **56758x**

The above will give you access to all the five programmes of research4life, then you can navigate to any program of your choice

- Click any program that represent your subject area to view subject category or search for research articles. (e.g: OARE)

On the homepage of the selected program:

- type your search term into the single search box or click ‘subject’ button to view subject categories
- select any subject (e.g: Biology General) under the ‘Browse Subject’ to see the list of journal titles under the selected subject, then click a journal title to see the most recent and back issues.
